

CLOSED CONTAINERS

SES Energy supports the world's largest fleet of DNV 2.7-1/EN 12079 cargo carrying units for the offshore energy market. This range of standard sealed containers is ideal for the transportation of large volumes of smaller goods or equipment that is palletised or skid mounted for forklift truck loading.

Due to our operational size these containers are generally available on very short lead times and are provided on both short-term and long-term hire.

KEY FEATURES

- Multiple sizes for all standard applications
- Ex-stock availability for urgent requirements
- Provided with internal swivelled tiedown points to ensure secure transportation of goods and cargo
- Anti-slip roofs for safety during use
- Cargo nets are standard to enhance goods security and stability
- The units are stackable, reducing lay down area requirements
- The doors are sealed enabling their use with dry cargo

All of our operational, support and design activity is built on ISO 9001:2008.

As you would expect, all of the appropriate units come complete with lifting sets, certified to meet DNV 2.7-1/EN 12079

SES Energy offers a full range of cargo carrying units. Please see our contact details to obtain further information on containers, baskets, open-top containers, skips, chemical tanks, half heights and modular systems.
