

SUBSEA BASKETS

SES Energy provides the world's largest fleet of dnv 2.7-1/en 12079 and dnv 2.7-3 cargo carrying units to the offshore energy industry.

We now offer a range of subsea cargo baskets developed with extensive input from experienced rov operators and subsea project managers.

KEY FEATURES

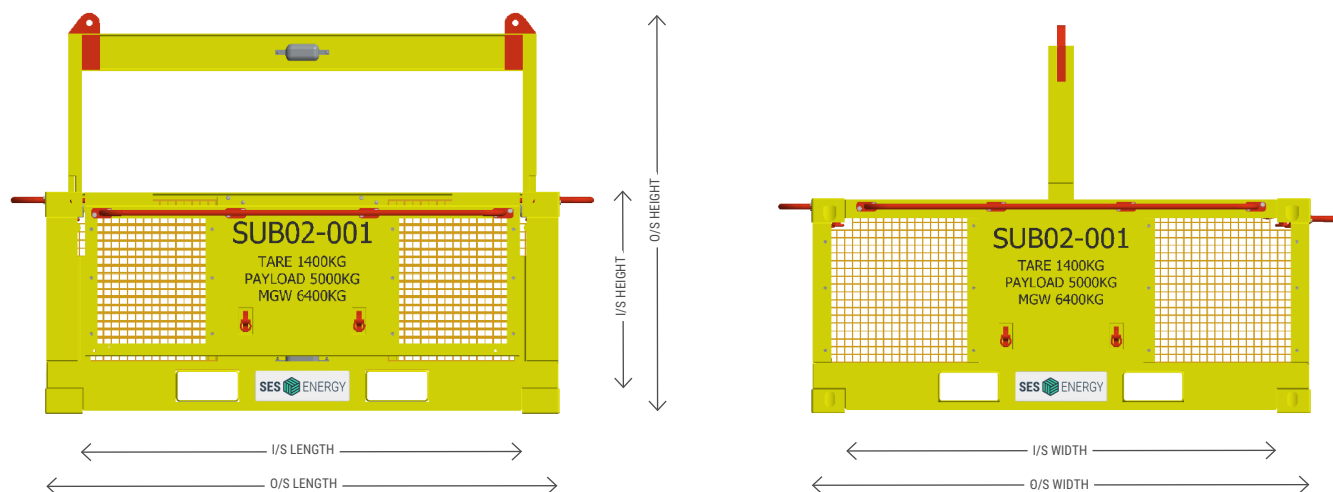

- DNV 2.7-3 Certified
- Removable grab rails
- Subsea immersion paint system with Al-Zn-In Anodes
- Internal tie down points
- External Tag line/tugger points
- ISO width
- ISO corner blocks
- Some designs are stackable
- ROV operable door locks
- Lightweight corrosion resistant GRP gratings
- Open steel design for zero water ingress
- Unlimited Operational Depth
- Four way forklift pockets

All of our operational, support and design activity is built on ISO 9001:2008.

As you would expect, all of the appropriate units come complete with lifting sets, certified to meet DNV 2.7-1 / EN 12079

SES Energy offers a full range of cargo carrying units. Please see our contact details on the reverse of this sheet to obtain further information on containers, baskets, compactors, mud skips, tool boxes, bottle racks, IBC carriers, open-top containers, skips, chemical tanks, half heights and modular systems.

SUBSEA BASKETS

Dimensions and Weights
